-

WORK EXPERIENCE

Web Developer, Mobile App Developer 2008-Present
The Wizard LLC – Sub-Contracted

- Primary responsibilities include using HTML5 to create interactive websites and apps associated with the Wizard Mobile Apps and the Wizard Network websites.
- Design and build mobile device targeted web apps and interfaces using HTML5, PHP, JQuery, HTML, CSS, Javascript, MySQL. These apps include:
 - iWizard Forex: <http://itunes.apple.com/us/app/iwizard-forex/id426348141?mt=8>
 - iWizard Pro: <http://itunes.apple.com/us/app/iwizard-pro/id367954881?mt=8>
 - iWizard DJ 30: <http://itunes.apple.com/us/app/iwizarddj30/id323251120?mt=8>
- Creating login and user authentication functionality for the iWizard app series.
- Working with a team or alone to create functional aesthetically pleasing websites while meeting strict deadlines for investors, launch dates, promotions and other time sensitive events

Sub-Contracted Web Designer and Developer 2007-Present

- *Thewizardoffers.com/ibfx*
Designed and built website landing page, and a series of html promotional emails for the Wizard Offers website. Meeting strict deadlines for promotions and launch dates.
- *Thewizardoffers.com*
Worked with a team to build a website for The Wizard Offers. Meeting strict deadlines for promotions and launch dates.
- *Ashevillebuildingconsultants.com*
 - Designed and built website for Asheville Building Consultants.
 - Setup a wordpress blog system for the company to use and incorporated an RSS feed to show a preview in a section of the main website.
 - Used php to create an auto-mailer contact option. Modified a script to create a dynamiv photo library page. This script generates thumbnail previews from a folder of images, resizes images to fit in a picture viewer, and automatically updates when new photos are added.
- Meeting strict deadlines for investors, launch dates and promotions.

- *Appeldoornlandscapenursery.com*
Designed and built website for Appeldoorn's Nursery and Landscape Company.

Assistant Store Manager 2000-2005

- *Eckerd Drugs - Asheville, NC*
Manage and delegate tasks to 6 employees. Using problem solving skills to schedule and manage payroll, resolve customer service issues and general responsibilities of running and maintaining a retail store.
